- ▶ **Consulting / Development**
- ▶ **Branding**
- ▶ **Implementation On- / Offline**
- ▶ **Event Marketing**
- ▶ **Advertising Production**

Over 18 years of experience along the entire value chain of marketing is waiting for you. Our experienced senior and junior consultants will support you in any marketing phase of your company. Whether conception, campaign, realisation or fulfilment – we are here for you. Meet us in person at our premises or we can visit you. Feel free to contact us!

- ▶ **Mobile Exhibition Stands**
- ▶ **Modular Exhibition Stands**
- ▶ **Fair Construction**

Mobile exhibition stand, modular exhibition stand or individual fair construction? You should be able to answer this question precisely because in this field failures can get very expensive. Not only the easy setup but also the favourable price and the minor planning effort lead mobile and modular exhibition stands to best sellers. A disadvantage is that you have to move within the limits. If you reach the limits of system booths, the individual fair construction will develop. Our designers and architects will develop the best cost-benefit ratio and recommend a system booth, an individual fair construction system or a mixed construction to you.

- ▶ **Event Logistics**
- ▶ **Storage Management**
- ▶ **Fulfilment**

Below-the-line marketing will be performed at changing locations and this is exactly what rises to a challenge for marketing departments. We offer you logistics, storage and fulfilment. You can manage your marketing equipment, advertising media and promotion materials by a web-based administrative area.

ADVERTISING TECHNOLOGY

- ▶ **Illuminated Advertising**
- ▶ **Advertising labeling and foling**
- ▶ **Signages**
- ▶ **Liveries**
- ▶ **Advertising Banners**

Your advertising message - wherever you like, this is the art of advertising technology. Thanks to our printing machines and production you will receive not only the best market price but also the shortest reaction time. Also our consultants and designers will support you from brainstorming through design to production.
